Off-Campus Housing Options for Short-Term Preceptors
Dear friend and colleague,

We at Hillside would love to offer on-site housing for all short-term preceptors to ease the financial and logistical burden on those so generously giving of their time and talents. Frequently, however, we find ourselves with more volunteers than we currently have space for on campus.

It is our sincerest hope at Hillside that the attached information will serve to make the process a bit less cumbersome for those considering volunteering with us. Whether you'd like to stay near the clinic or in the heart of Punta Gorda Town, the following list offers something to suit all tastes and budgets. Please see the attached document for the full complement of choices in the PG area.

Remember to mention Hillside Clinic when booking accommodation – many places in the area give Hillside volunteers discounts!

Please do not hesitate to contact Hillside for additional advice or assistance with obtaining suitable off-site housing. We are always happy to be of service.

In gratitude,

Lynette Gomez
Executive Director
